

NAME

MOLLY

MY THOUGHTS ABOUT SCHOOL

Who are your friends in school?

Phoebe
Hannah J
Alice

What subjects do you enjoy or dislike least?

I like reading and writing stories
I like learning about people from history
I like art and craft even though I'm not good at drawing

Where in the school do you feel most safe? Can you go

Miss Flynn's classroom at lunchtime or Mrs O'Brian's room. I have a time out card and can go there whenever I need to.

**What would you like more help with?
What help do you feel you need?**

I don't understand maths and can't always remember my times tables
I would like more help to stop fidgeting and daydreaming so Miss Challis won't tell me off so much

Things I would like to change

I would change Phoebe's class so we could sit next to each other
I would take the annoying boys out of my class so the classroom isn't so noisy
I would have choir every lunchtime
I would be able to have a fidget chair in the class

What do you not like about school?

I don't like that the class is too noisy
I don't like being in the playground
I don't like singing assembly
I don't like that my friend Phoebe is in a different class to me
I find staying in my seat all morning difficult
I don't like it when people shout it makes me jump

Who are your "go to" or safe people in school?

Miss Flynn always helps me when I feel angry
Mrs O'Brian helps me when I get tummy aches
Mrs Nurse makes me feel safe in the playground at lunchtime

What are the other things you like about being at school?

I like seeing my friends at school
I like PE when we do running but not when we play team games
I like school dinners on Fridays because we have fish
I like going to choir at lunchtime

What would the perfect school look like?

My perfect school would start at 10 o'clock
It would have big classrooms with not many children in them
We would have 4 playtimes every day
The lunch hall wouldn't be so busy and noisy
We would have calming music in the classroom all the time
We would have a trampoline buried in the grass in the playground so we don't have to climb on to it and we can bounce whenever we need to
All the teachers would not shout and be as kind as Miss Flynn
